Received from Chief Ship Surveyor \_\_\_\_\_

VESSEL'S NAME Steel S.K. - St Agnes No. 1 Rpt. Nwc. No. 62527.

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey \_\_\_\_\_

Withdrawal of class

The Newcastle Surveyors recently reported that they had examined this vessel in drydock and that the bottom had been cleaned and coated.

The Landing Edge of the garboard strake on the port side amidships was reported to be set up, but as the rivetting and caulking were sound nothing further was done and the Owners stated that they did not desire to continue the classification of the vessel.

This statement has now been confirmed by the Owners.

It is submitted the vessel's class be withdrawn from the Register Book, and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
