6834

Remarks of the CHIEF ENGINEER SURVEYOR for the consideration of the Classing Committee.

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

ure of Survey

If only partially held, the Committee require in each case a brief statement of the following, amongst other particulars:—

When Survey became due

When proposed to be completed

marks:—

Submitted the Surveyors to  
requested to state if the <sup>Contract</sup> ~~plans~~  
for this vessel was <sup>made</sup> ~~submitted~~  
before the <sup>new</sup> rule for shafting came  
into operation in view of the <sup>new</sup> rule  
requiring the screw shaft, which  
is not fitted with a continuous  
liner to have a diameter not  
less than 12.28.
