in enclosures.

Re. Steam trawler "MONTSERRAT II"

Sir,

We beg to acknowledge receipt of your letter of the ultimo respecting the requirements necessary to complete Special Survey N°3 of the above vessel.

We enclose herewith communications which we have had with Muston, Lloyd's Surveyors at Barcelona, and also with Neut, representative of the nominal owners at San Sebastian, whom we also had a personal interview, and we were informed this gentleman that as this vessel was needed in a great hurry for France, and that the new Owner was resident in France and as repairing works at the time were not able to undertake work to being full up, it was decided to take the vessel to be for repairs.

The new Owner is Monsieur Oscar Dahl, Armateur, Societes de l'Atlantique, La Rochelle.

We are, Dear Sir,

Yours faithfully,

For Surveyors.

Secretary.
