

Copy.

ABERDEEN,

11th January, 1923.

J. Knowles, Esq.,

Messrs R. Irvin & Sons, Ltd.,

PETERHEAD.

Dear Sir,

"Star Divine" ex "Iceblink".

I should be much obliged if you could inform me, whether the above vessel has returned to your port, as I am anxious to visit her in order to verify, for the Register Book, the fitting on board of the new screw shaft, supplied by Messrs Clyne, Mitchell & Co. in May 1921, of the despatch of which to Peterhead we were not made acquainted at the time.

As far as this inspection is concerned, there is no necessity to draw the shaft, and it is only necessary for me to see the shaft in position, and stamp the Test number on the edge of the coupling.

Everything will then be in order, and the notification "new shaft fitted 5-21" will appear in the Register Book.

Thanking you in anticipation.

I am, Dear Sir,

Yours faithfully,

(signed) Ridley Fowell.
