VESSEL'S NAME Wood Sc. Star Divine Report No.For the ~~CHIEF SHIP SURVEYOR~~ and CHIEF ENGINEER SURVEYOR.

(In cases which have to be submitted to the Cladding Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Cladding Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report, 24/5/22.)

Nature of Survey Screw Shaft When due 7-21

A new screw shaft was reported to have been fitted to this vessel at Peterhead in May 1921, but not under supervision of the Society's Surveyors. The Aberdeen Surveyors were therefore asked to examine this shaft in place in order to assure themselves that a new shaft had been fitted as stated. They now state that the vessel has been fishing from Peterhead & has now gone to the English Herring fishing & is expected to return at the end of the year.

It is submitted action be deferred in the meantime. J.A.D. 13/10/22
