Sheffield, 11th September, 1928

Dear Sir,

In accordance with the instructions contained in your letter of the 10th instant regarding two Clarkson Boilers at the works of Messrs. Davy Bros Ltd., I have examined these two boilers, and witnessed the hydraulic tests on them, with satisfactory results.

The plates used in the construction of these boilers were not specified to Lloyd's requirements, but meet the specification put forward by Messrs. Davy Bros. The results of tests are submitted herewith for your approval.

I shall be glad if you will return the test sheets to this office together with the enclosed plan.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
