Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

ENCLOSURES.

10th September, 1928.

Dear Sirs,

I enclose herewith a copy of a letter which has to-day been addressed to Messrs. Davy Bros., Sheffield, relative to two Clarkson Boilers which they have constructed to the order of Messrs. The Clarkson Thimble Tube Boiler Co. Ltd. and intended for Messrs. Furness S. B. Co's Vessel No. 131.

The scantlings of the boilers as shown on the plans meet the requirements of the Rules for the proposed working pressure of 100 lb. per sq. inch.

In the circumstances I have to say you are authorised to examine the boilers, to witness the hydraulic test and to issue a certificate on Form (Rpt. 10).

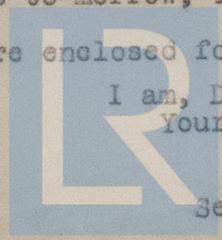

Before issuing a certificate you should, however, ascertain that the results of the tests on the materials are satisfactory.

In confirmation of my message over the telephone I have to acquaint you it is desired you should attend at Messrs. Davy's Works to-morrow, Tuesday, 11th inst.

The plans are enclosed for your guidance.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,
SHEFFIELD.
