COPY FOR LONDON

February 7, 1938

General Electric Co.
Schenectady, N. Y.

Attention: Mr. E. K. Henley

Dear Sirs:

BETHLEHEM 4327
Switchboard

Your letter of the 4th February was duly received enclosing the following plans for approval:

TT-6189068 Manual Switchboard Wiring Diagram Back View
TT-6189065 Manual Switchboard

With regard thereto, I have to state that provided the arrangements as shewn be carried out in accordance with the Rules and to the satisfaction of the Surveyor and be satisfactorily tested upon completion, the same will be approved.

Unless there is any special reason for inspecting the switchboard at your works, this inspection can be carried out after installation on the ship.

One copy of each plan has been signed and is returned herewith. Would you kindly send me another copy of each plan for our system and oblige,

Yours faithfully,

JSH:H
encl.

Senior Engineer Surveyor.
