Dear Sirs:

Texas Co. Tanker
Hull 4327

Your letter of the 28th instant was duly received
enclosing the following plan for approval:

No. 751-S-3 Showing the cast steel fuel oil service
heaters

With regard thereto, I have to state that provided the
steel castings be made at approved works, tested in accordance
with the Rules and the arrangements as shown be carried out in
accordance with the Rules and the satisfaction of the Surveyor
and be satisfactorily tested on completion, the same will be
approved for the intended working pressure of steam 400 lbs.
per square inch, oil 300 lbs per square inch.

One copy of the plan has been signed and is returned
herewith.

Yours faithfully,

JSA
Senior Engineer Surveyor.
