and Engineer Surveyor

H.

LLOYDS REGISTER  
LONDON.REC<sup>d</sup> 29 DEC 1902ANS<sup>d</sup>Bergen December 23<sup>rd</sup> 1902.

The Secretary.

Lloyd's Register of Shipping.

Sir,  
 1/2 "Saurus". Replying to your letter of the 19<sup>th</sup> inst.  
 regarding the new thrust shaft stated to have been  
 fitted in the vessel recently I beg to inform you that  
 we have no knowledge whatever of this.

I inquired at the owner's office yesterday and were  
 informed that the shaft, which has been supplied by  
 engine builders with a certificate of inspection by  
 society, was fitted in the vessel at this port.

1/2 "King Haakon".

The owner has just informed me that this  
 vessel will be brought to this port over the holidays in  
 order to carry out the repairs to the boiler tank.

I am, Sir,

Your most obedient servant

S. A. Eide

Lloyd's Surveyor.
