The First Special Survey No. 1 became due in June last and the year of grace will not expire until the end of June 1913.

The Owners recently stated that they did not intend to continue the classification of the vessel in the Society's Register.

The case received the consideration of the Classing Committee on the 13th instant, when it was decided to withdraw the vessel's class from the Register Book, and to insert three dots (...) in lieu thereof, indicating withdrawal of class at Owners' request.
