The Secretary
London

Sir

I beg to submit for the consideration of the Committee two letters having reference to the anchors and chain cables supplied for Messrs Cochrane & Sons, steam trawler N^o 336, also enclosed, test certificates for these anchors and cables, and the approved plan of Midship Section for this vessel for reference. It appears that the Owners assumed that the new vessels being only 3'6" longer than their trawler "Monarch" (Hull Report N^o 16366) would have the same size of anchors and chain cables
