Dear Sirs,

re. Union Steam F'g Co., boat No. 336, "Ulverston,"
Atlas Steam F'g Co., boat No. 337, "Vesta,"

We are in receipt of your favour of the 3rd inst., and we are rather surprised to hear that the anchors and cables which we have had sent forward for these vessels, are too small to comply with the requirements of Lloyd's Surveyor. We were under the impression at the time we ordered them that they were quite large enough, and as regards ourselves, we may say that we were satisfied that they were so, and we are of opinion that they are quite large enough to meet the requirements of these vessels. We shall be glad if you will kindly point this out to Lloyd's, and endeavour to get them to pass the anchors and cables.

Yours faithfully,
