GLASGOW

17th March 1941.

C.S.S. Dear Sirs,

I duly received your letter of the 12th instant about the enquiry received by you from the Owners of your Yard No. 1347 "ARDENVOHR".

In reply thereto I have to inform you that if the tonnage opening is closed and the other necessary alterations made, an increase in draught of approximately 18 inches could be permitted. If it is decided to proceed with the alterations, a more detailed investigation will be made.

I am, Dear Sirs,

Yours faithfully,

pro Secretary

Messrs. W. Denny & Bros Ltd.,  
Leven Shipyard,  
DUMBARTON.

P.S. If the alterations are proceeded with, the watertight bulkheads should be extended to the shelter deck or a suitable notation about the omission of the 'tween deck bulkheads will require to be made in the Register Book.
