L'S NAME Steel S.S. "Galicia" Report Tri No. 718

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

of Survey 1st entry

It is submitted that before this case receives the consideration of the Committee, the Trieste Surveyors should be requested to state the breaking test of the 120 fathoms of 4½" steel wire hawser on board, and whether spar ceiling has been fitted from bilge to spar deck as required by the Rules, ~~and~~ further action being deferred pending receipt of their report with reference to the machinery and boilers.
