

COPY.

1st February, 1916.

Dear Mr. Lambert,

I am in receipt of your letter of the 9th December on the subject of the steamers belonging to the Indo- China Steam Navigation Company, and note with much interest the result of the enquiries which you have made of the Company's Officials at Hong Kong.

I may say that steps have already been taken to get into touch with the Company at this end, with a view to securing the continuance of the classification of the vessels, and we propose to go further in the matter if possible. In the mean time any further information which you may be able to obtain will be welcome.

With kind regards , and trusting that you and your family are keeping well,

Yours faithfully,

John Lambert, Esq.,
5, Alexandra Buildings
HONG KONG.
