Dear Mr. Scott,

As promised I brought the matter of the classification of the Company's vessels before the Board at their last Meeting, and I have been instructed to communicate with China and to obtain an expression of opinion from them as to the desirability or otherwise of continuing the classification.

If it is possible the Directors would like you to keep the question of the "Yusang" open until a reply has been received from the General Managers. Our letter has already been sent to China.

Yours faithfully,
