REC'D 2 DEC 1907

Sir,

ANSR

*13/12/07*

I have to acknowledge the receipt of your letter of the 8th instant having reference to the classification of the Steamer "YUMURI" No. 123 in the Register Book, and with regard thereto to state that Mr. A. G. Smith, General Manager of the New York & Cuba Mail Steamship Company, intimated the desire of the Company to withdraw the vessel's class.

The reasons for the withdrawal of the vessel's class are that the cargo carried by the vessels of this line is insured in local offices which favor classification with the two American Societies, viz:- The American Bureau of Shipping, and the United States Standard Register of Shipping, and Mr. Smith stated that his Company, although preferring the class of Lloyd's Register, cannot see their way to retain three classifications.

I am,

Sir,

Your obedient Servant,
