

COPY.

8th February, 1917.

Dear Mr. French,

My attention has just been called to the fact that the Montreal first entry report No.1362 on the Twin Screw Icebreaker "MIKULA SELIANINOVITCH" was submitted to the New York Classing Committee. I have no doubt that this occurred inadvertently during your absence from New York, the report having been sent there with a view to the Society's Surveyors at New York who joined in the survey signing the same, and I shall be glad if you will kindly give instructions that in future any such reports of surveys held outside the United States are sent on to London, in accordance with the arrangement governing such cases.

Yours sincerely,

James French, Esq.,

NEW YORK.
