Dear Sir,

S/S "REMIER" Survey.

Since writing you yesterday on this matter, we have received a further communication from our Head Office in Antwerp, which deals more fully with the work which has already been done in connection with the Survey on this steamer.

We think this letter will assist us in our application to you for a postponement of the survey, so we are enclosing with this a copy of it, and truly hope that the Committee will see their way now clear to grant us the extension asked for.

Yours faithfully,
