marks of the Chief Engineer Surveyor are desired on this case for the consideration of the Classing Committee.

(“The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.”—Extract from Sub-Committee's Report, 24/5/52.)

of Survey ~~COMPLETION OF SPECIAL SURVEY OF ENGINES AND BOILERS FOR S.S. No.~~

This Survey, due 2.52

now partly held at

now

~~completed, and the following repairs carried out (due to~~

):-

A General Examination has been held with a view to postponement of the Special Survey.

Main circulating pump further examined and found to remain efficient. The Middlesbrough Surveyor recommends it be examined and dealt with as necessary before the end of 2.53.

It is submitted the vessel is eligible to remain as classed, with notation of BS 4.52 subject <sup>now</sup> as recommended.

Note in Italics in SRL

Boiler pressure gauges to be calibrated if necessary and division plate in smoke box of port boiler to be examined at the next BS.
