Principal Surveyor

NEW YORK

Dear Sir:

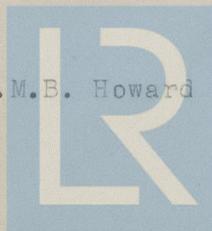

On behalf of the owners, Petroleum Shipping Co., Ltd., Panama, we advise that the SS "ALGONQUIN", built in 1920, as Hull No. 5304 at the Bethlehem Steel Company's San Francisco yard, has been sold to the Matsukura Company, Ltd., Tokyo, Japan, for scrapping.

Vessel will be delivered to the purchaser at Hikari, Japan, on or about March 24, 1953. You will be advised later of the exact date, and effective that date kindly cancel the vessel's classification with your Society.

Upon receipt of our advise as to the exact date of transfer of title, we would appreciate your acknowledging that the cancellation of class has been effected.

Very truly yours,

J.M.B. Howard
