Answered

Extract from letter dated 16th Feb. 1916 received from the
Society's Surveyors at Liverpool

Original letter with S.S. "POLITICIAN"

Vessel's Name S.S. "ABINSI", "GRAPHIC", "HEROIC".

The S.S. "ABINSI" is in drydock here but nothing is
being done towards the Special Survey No. 2.

Will you kindly let me know the month when the survey
becomes due, and as the S.S. "GRAPHIC" and S.S. "HEROIC" are
likely to be drydocked here soon how the due dates of Special
surveys on these and similar cases are to be reckoned.

*This vessel was built in 1906 & Registered in
April of that year. She was not built to class but
was submitted to S.S. No. 2 in May '12 and classed
100A.*

*The Liverpool Surveyors desire to know how
the dates of the Special Surveys are to be reckoned.*

*Submitted they be informed that the next
Special Survey will become due in May next
and that if desired the S.S. No. 2 may be held
there. The S.S. No. 3 will become due when the
vessel is 12 years old but it can be held at
the next Special Survey due in May next
if desired.*
