Air letter.

24th March, 1952.

H.

Dear Mr. Rundle,

S.S. "SHWEDAGON"

In the absence of Mr. Shephard, I am replying to your letter of March 19. No objection now would be raised to the forward cofferdam of this ship being used for the carriage of furnace fuel, provided, as you state, the pumping and piping arrangements were made in accordance with the Rule requirements.

Yours sincerely,

J. T.
