Lloyd's Register of Shipping,

28 SEP 1942 Collingwood Buildings, Newcastle-on-Tyne, 1.

25th September, 1942.

The Secretary,
WOKINGHAM.

Dear Sir,

s.s. "DALEBY",
Newcastle Report No.100729, being forwarded today.

We beg to state that in addition to the fees shown on this Report and the Renewal Freeboard Survey fee of £4, it is proposed at this time to charge a fee of £10 for our survey of the extension of four main watertight bulkheads into the shelter 'tween decks. It is thought well, however, to submit this suggested fee for your consideration in view of the fact that similar cases will have been dealt with at other ports, and you will no doubt desire uniformity of practice. We shall be glad to receive your instructions in due course.

Three copies of Report Form 10, with sketch, are enclosed herewith as per instructions contained in your letter of the 30th July; the original of the Report is being forwarded to the Owners.

Yours faithfully,
THE SURVEYORS,

per

Rpt. Form 10
(in trip).
