Re: 900 Ton Coaster,
N.V. Zaanlandsche Scheepsbouw,
Zaandam (Holland).

Dear Sir,

Please find herewith for approval, four copies
of plan 433E regarding the scantlings of the hatch
~~coamings~~ intended for the two hatches of the above
mentioned Coaster.

Urgent
We shall be much obliged if you will kindly
return these plans at the earliest possible time,
together with any comments you might have to make.
The hatches are to be built by the Zaanlandsche Ship-
yard, the accessories being supplied from France.

You will notice that we have endeavoured to
use plates varying very little in thickness, and should
some of the scantlings require alterations, we would
prefer if you did increase the width rather than the
thickness of the webs.

Looking forward to hearing from you,

Yours faithfully,

Plans 433 E.
