Dear Sir:

We are in receipt of your air mail letter of 17th February, 1953 regarding the above named vessel, and, as instructed, the Owners were advised that the class of the ship was to be further qualified by an additional notation.

The Owners, The Boston Metals Company of this port, were advised accordingly and today we are in receipt of a letter advising that scrapping operations began at their yard on this vessel on February 5, 1953 with approximately 20% being completed at this date and further, they expect to have the vessel completely scrapped in about 90 days.

Yours very truly,

JGB: jp
