JOHN NURMINEN

Rauma

TELEX HELSINKI 1150

Dear Mr. Sladden,

I have visited Kiel a couple of times during the past two months, where I was present at the surveys of the s.s. "Aina Maria Nurminen" after she had completed discharging.

Some days ago, we came to a settlement with the underwriters, Messrs. Vakuutusosakeyhtiö Pohjola regarding the ultimate fate of the vessel, and I am pleased to say that the decision reached was satisfactory to both parties. The wreck remained in our possession, and it is our intention to sell her for breaking up purposes as soon as possible.

While in Kiel I became acquainted with your surveyors, Mr. Bowman and Mr. Nohr, and I particularly wish to express my appreciation of the impartial and objective help they gave us during this time, and I am certain that the results reached in our negotiations with the Underwriters were greatly helped by both of the above mentioned Gentlemen.

With best wishes to you and my kindest regards to Mr. McFee, I remain

Yours faithfully,

Matti Nurminen
