5th August, 1953.

Dear Mr. Macmillan,

I gave Mr. Matti Nurminen, the Owner of the "AINA MARIA NURMINEN," a letter of introduction to Mr. Bowman at Kiel, as he is proceeding there tonight.

He is a very good client of the Society and I suggested to him that it might be possible for him to see either you or Mr. Bell if he could find time to call on you at Hamburg.

You will see from the letter I wrote to Mr. Bowman that he may contact you by telephone if any controversial point arises, and I know you will ensure that he gets every attention.

Between ourselves, I think he would like to regard the ship as a constructive total loss and therefore does not want to open up too much machinery if it can be avoided.

With kindest regards,  
Yours sincerely,

W. Macmillan, Esq.,  
HAMBURG.
