LONDON.

Dear Sir,

We are in receipt of your letter of the 5th inst. respecting the additional strengthenings required to be carried out on the motor vessel "SVEALAND" in order to make this vessel eligible to obtain the 100A class in this Society's Register Book.

I have conferred with the Owners about this case, and they have now decided to class this vessel in the Bureau Veritas Register, wherefore the required alterations will not be effected.

I am, Dear Sir,

Yours faithfully,

V. Paulow

WATER TIGHTNESS.

I am, Dear Sir,

not be allowed.

As the vessel, which is the subject of the above, is to be used for the purpose of carrying passengers and cargo, it is necessary that the hull should be tight and strong, and that the cargo should be properly secured.

I have compared with the plans and specifications of the vessel, and find that they are in accordance with the requirements of the Act.

I am, Dear Sir,

Very respectfully,
Your obedient servant,
W. J. H. [Name]

He also in reply of your letter of the 21st inst.

Yours truly,

The Secretary.

LONDON.
