6th January, 1919.

Dear Sir,

I am in receipt of your letter of the 11th ultimo with reference to your First Entry Report No.1796 on the new Diesel-Engined Vessel "SVEALAND" built by the Godra Varvets Aktiebolag for Mr. Dan Brostrom of Gothenburg. Your remarks respecting this case have been carefully considered, and the Scantlings of the Vessel further looked into, but I regret that the case is not one in which it is considered there is any warrant for departing from the class originally proposed by you and approved in my cablegram of the 19th September, 1917, e. g., 90A.

I am, Dear Sir,

Yours faithfully,

Secretary.

Isakson Esq.,  
STOCKHOLM.
