

HUGH BOYLE,  
JACKSONVILLE, FLA.

24th April, 1939.

W. Bennett, Esq.,

NEW YORK.

Dear Mr. Bennett: Yacht "MOANA"

I have communicated with Mr. Leed's Secretary in New York, and the one in Miami, and the Miami secretary has been expecting the vessel any time, whereas, Miss Lack says the best she knows is that it was on the Pacific side of the Canal Zone, and she does not know Mr. Leed's plans.

I expect I had better wait until she comes into Miami to get these reports positively completed, particularly in regards to the electrical installation and the donkey boiler. The donkey boiler I did not know I had to make a report on until after she sailed, and while I had seen the boiler, it was previous to the request for classing.

Yours very truly,

/s/ HUGH BOYLE.
