17 BATTERY PLACE

NEW YORK

April 28, 1937.

The Cooper-Bessemer Corporation,
Mt. Vernon, Ohio.

Yacht "MOANA"

Dear Sirs:

I duly received your letter of 20th April enclosing plan of Sub Base -Drawing F 3741 for two auxiliary engines for the above yacht.

With regard thereto, I have to state that provided the electric welding be carried out with approved covered electrodes and with competent welders and be satisfactorily stress relieved to the satisfaction of the Surveyor, and provided the arrangements as shown be carried out in accordance with the plan, and be examined after engine trials and found satisfactory, the same will be approved.

One copy of the plan referred to has been signed and is returned herewith.

Yours very truly,

Principal Surveyor.
