QUESTION.

ANSWER.

Date:— 26th September, 1953.

With reference to your report No.2337 and letter of the 28th May last, I have to acquaint you that no further information has come to hand regarding the completion of the General Examination. In the circumstances I shall be glad if you will ascertain and let me know what further arrangements have been made in the matter.

I shall also be glad to learn what arrangements have been made for the Boiler Survey to be completed.

L.H.

The Owners inform that they regret that the survey was not carried out at Dunkirk as previously intended due to the strike in France at that time.

The Owners further state that this vessel will be laid up at Ystad about the 15th October next and that outstanding surveys will be carried out before the vessel is again put into commission.
