re: S.S. "OJEDA"

is will advise you that our firm completed temporary agreement August 29 with Saxon Petroleum Company, Ltd. for purchasing the above vessel; subject to sanction of Venezuelan Authorities for the transfer to Liberian Flag.

Fortunately, it was not until this week that the Shell Company was able to reach agreement with Venezuelan Government and notified me to expect delivery of the vessel within a few days.

With the approval of your Committee, it is our intention to bring the vessel to Curaçao for survey, install diesel engines, make various structural changes and modifications necessary for retaining vessel in service.

Due to the extreme shortage of materials and inability of shipyard facilities in this area to undertake above modifications, we would greatly appreciate your permission to bring this vessel with cargo for single passage to Curaçao.

On September 9, while in London I discussed the above subject with Mr. Cook who is instructed to file official application with your Committee for consideration.

Very truly yours,

Claude H. Baldwin
Claude H. Baldwin.
