ELECTRICAL INSTALLATION

This case has been previously dealt with in the Secretary's letter ref: M. dated 27th June 1940.

The two wiring diagrams of the Electrical Installation indicate that the installation generally complies with the requirements of the 1938/39 Rules for Electrical Equipment and is such as could be accepted, provided the remaining requirements of the 1938/39 Rules for Electrical Equipment are complied with.

IT IS SUBMITTED the Middlesbrough Surveyors be informed that from the plans submitted it appears that the *al* installation generally complies with the requirements of the 1938/39 Rules for Electrical Equipment and is such as could be accepted, provided the electrical tests etc on the installation are to the Surveyors' satisfaction and the remaining requirements of the 1938/39 Rules for Electrical Equipment are complied with.

Return plans unstamped.  
Retain photographic copies.
