January 9, 1945.

Dear Sirs,

S.S. "FORT ST. JOSEPH"

From information now received from Canada it appears that the grate area as indicated on the machinery classification certificate for this ship is incorrectly stated to be 135 sq. ft. instead of 129 sq. ft.

If you will be good enough to have the certificate returned to this office the necessary correction will be made without delay.

Yours faithfully,
