

URGENT

S.S. "NEDJAN"

Built: 1893 - 11

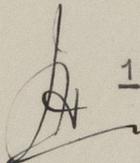

Builders: Scott & Co., Berwick.

This vessel foundered in the Baltic in January 1954.

Mr. Siggers, telephoning from Gothenburg, states that an informal inquiry into this loss is to be held in Sweden on the 18th March, and the Society's Gothenburg Office has been requested to arrange for a representative to be present at the inquiry. Mr. Siggers states that he will attend this inquiry himself, and it is not thought ~~it will~~ be necessary for anyone to attend from this office.

He should be furnished, as early as possible, with copies of all relative back reports or extracts.

It is noted that the last Special Survey was held at Solvesborg in Sweden.

10th March, 1954.
