LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

Port of ANTWERP

11th December 1953

This is to Certify that I have

Surveyed the S.S. "NEDJAN", 863 gross tons of Simrishamn, as she lay afloat

in the Antwerp docks, on the 11th December 1953 on account of touching the
ground in the River Scheldt near Torneuizen on the 9th December 1953 when
on voyage from Gävle to Antwerp,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report, stating that all repairs

recommended by me have been completed to my satisfaction, and

that I have Recommended that she be retained as classed without

fresh record of survey subject to the bottom shell being specially examined
for damage at the next drydocking,

being fit to carry dry and perishable cargoes.

David Ferme

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member of, or the Surveyors, or other Officers or Agents of the Society.
