

See to see Mr. Clement

Mr. Clement. I am not sure whether the case of the "VACPORT"  
was mentioned to you yesterday.

This is Howaldtswerke A.G. Hamburg No. 774.  
First Entry Report was received in London on 24th August last,  
and fees were applied for on the 17th August.

It is concluded the fees have not been paid,  
and the certificate has been issued to the Anglo-American Oil Co.  
on the understanding that they will pay the fees if we can  
assure them they have not been paid in Germany.

Is there anything in the last returns from  
Germany to show whether these fees have been paid out there?  
Sorry to trouble you.

According to the latest information from  
Hamburg dated 31/8/35 "Vacport" fees  
are not paid REJH
