Reclassification Contemplated.

damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose, and why they were declined.

Is a damage report made by anyone else? If so, by whom?.....

the Surveyor personally go inside each Main Boiler separately and make a thorough examination at this time? Yes

✓ Please see London Rpt 113885 dated 5.46.

what parts of the Bollers could not be thus thoroughly examined ? ✓

what special means, in the absence of internal examination, were adopted by the
 Inspector to assure himself of the thorough efficiency of those parts of each Boiler ?

latest date of internal examination of each boiler..... 3. 1. 47 Present condition of funnel(s)..... 10 Renew.
Not adjusted

the Surveyor examine the Safety Valves of the Main Boiler? *Yes* To what pressure were they afterwards adjusted under steam? *24 lbs*

the Surveyor examine the Safety Valves of Donkey Boiler? what pressure were they set at?

..... examine all the manholes, doors and their fastenings of the Main Boilers? Yes, and of the Donkey Boilers? -

the Surveyor examine the drain plugs of the Main Boilers?, and of the Donkey Boilers?

the Surveyor examine all the mountings of the Main Boilers? yes and of the Donkey Boilers? ✓

the screw shaft now been drawn and examined?..... Is it fitted with continuous liner?..... Is an approved appliance fitted at the after end of the shaft to permit of it being efficiently lubricated?.....

shaft now been changed?..... If so, state reasons.....

..... Is an approved appliance fitted at the after end of }.....

the shaft now fitted been previously used?..... Has it a continuous liner?..... the shaft to permit of it being efficiently lubricated?.....

Date of examination of Screw Shaft..... State the distance between lignum vite or bearing metal of stern bush and top of after bearing of screw shaft.....

Engine parts, when referred to by numbers, should be counted from forward.

Is electric light and/or power fitted Y

5, did the Surveyor examine the generators, motors, switchgear, cables and fuses?

If the Survey is not complete, state what arrangements have been made for its completion and what remains to be done. *The remainder of the State Requirements*

The vessel has now been laid up, pending a financial settlement with owners.

low dose: 100 mg capsules, tablets, lozenges, oral suspension, etc.
internally

Again recommended: Condense table clear, but + review as necessary; Had staff done

removes; then Miller, Comb. Chambers top plate from & after edges to build up in way of girders
1. : : several water rinses remove. Girders stay remove as required.

It is stated by the Bureau Sup^r that it is intended to remove the snow shaft.

SURVEY OF ELECTRICAL INSTALLATION.

Explicitly supplies all the inputs for the machine learning and training as its parameters, such as a learning

General Observations, Opinion, and Recommendation:—The machinery of the vessel, as far

(State clearly what alteration, if any, is suggested to be made in the existing classification of the vessel's machinery in the *Register*, consequent upon this survey, and also any alteration required to be made in the records of the vessel's machinery, boilers, working pressures, &c.; thus, for example, B.S. 9,11, B.&M.S. 9,11, $\frac{1}{2}$ L.M.C. 9,11, or $\frac{1}{2}$ L.M.C. 140 lb., F.D., &c.)

now seen, is shiptle in my opinion to be classed with records of L. MC with date when

Survey is completed + of T.S. 1-48 C.C., as previously recommended.

vey Fee (per Section 29)..... £ 7 : 0 : 0 Fees applied for
10 JAN 1947

Special Damage or Repair Fee (if any)..... £ : :
NO LICENSE SUPERVISION.
 Received by me, Mr. J. F. Russell.
