Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

11th February, 1938.

Dear Sirs,

E.

I duly received your letter of the 5th instant, with plan No. 18203 advised therein of bedplate and crankshaft proposed in connection with Messrs. Soc. An. John Cockerill's Yard No. 657,

It is noted that the span of bearings for the main engines of this vessel is 470 mm. and not 460 mm. as previously stated, and with engines having remaining particulars as set forth in my letter of the 18th May, 1937, the originally approved size of crankshaft, viz:- 240 mm. diameter, is in order.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
ANTWERP.
