

Schat Davits Type "PHA" intended for Messrs. Cockerill's Yard No. 657 and to be manufactured by Messrs. "ACOMAL" Ateliers de Construction de Malines, Hanswijckkanaal, Mechelen.

Five plans of these davits submitted, in triplicate, by the Antwerp Surveyors.

It is submitted the Surveyors be informed that provided the davits be constructed as shewn and to their satisfaction the same will merit approval for the maximum load and outreach indicated on the plan.

The steel to be used in the construction of these davits must be made by the Open Hearth process at Works recognised by the Committee, and be tested in accordance with the requirements of the Rules.

It will be necessary for the Surveyors to satisfy themselves that the workmanship is sound and to pay special attention to the electric welding of the davits. The Rules for the Application of Electric Arc Welding to Ship Construction must be complied with, and electrodes used complying with Clauses 1-9, Section 4 of these Rules.
