Dear Sir,

With reference to your letter of the 3rd instant regarding the marks on the tail shaft recently fitted to the m.v. "HOEGH CARRIER" I have to state that when this Spare shaft was fitted no note was taken of the marks.

The Engineer informed the Surveyor that the shaft in question was the unused one placed on board as spare at the time the vessel was built.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.

I am, Sir,

very sorry to hear of the death of your son, and I am sure that you will find it very difficult to get over the loss. I have been thinking of you and your family very much lately, and I hope that you are all well. I am sure that you will find it very difficult to get over the loss.
