

Vessels owned by Mr. Leif Hoegh.

A letter has been received from Mr. Hoegh stating that some of his Captains have asked to be furnished with a written certificate from Lloyd's Register giving them authority to use the deep tanks in their ships when only partly filled with vegetable oils.

The position in regard to the vessels in question is as follows :-

"HOEGH MERCHANT"	-	Approval given by letter to Owners for using tanks only partly filled.	25.5.38
"HOEGH CARRIER"	-	do.	25.5.38
"HOEGH TRANSPORTER"	-	do.	23.4.37
"HOEGH SILVERSTAR"	-	Approval given for using midship tank when only partly filled, but end tanks must have wash bulkheads.	4.3.38
"HOEGH SILVERCREST" (At present under construction as sister to "HOEGH SILVERSTAR".)		Same remarks would apply.	

It will be seen that certificates of the nature requested could be issued in the case of the "HOEGH MERCHANT", "HOEGH CARRIER" and "HOEGH TRANSPORTER", and for the midship tanks of the "HOEGH SILVERSTAR" and "HOEGH SILVERCREST".

The question of issuing individual certificates, as requested, for the use of the Captains of these vessels is submitted for consideration.
