Dear Sir,

M.

I am in receipt of your letter of the 27th instant in reference to the carriage of vegetable oil in your ships with the tanks in the partially filled condition, and I may say that in all the circumstances the question raised by you is being referred to Dr. Montgomerie, the Society's Chief Ship Surveyor, who is at present in Italy on business, and on receipt of his reply I shall have pleasure in writing you further on the subject.

I am, Dear Sir,

Yours faithfully,

Secretary.

Leif Hoegh, Esq.,
