Dear Sirs,

"SLACK" DEEPTANKS.

With reference to your letter of the 4th March we will ask you to kindly let us know whether the deeptanks in M/S "HØEGH MERCHANT" and M/S "HØEGH CARRIER" can be operated in "slack" condition.

We should further be pleased to know whether a permission of this kind for said ships and also for the "HØEGH TRANSPORTÉR" and "HØEGH SILVERSTAR" is limited to vegetable oil, or whether it also applies to mineral oil.

Yours faithfully,

LEIF HØEGH
