Lloyd's Register of Shipping.

High Close, Wiltshire Road,
Wokingham, Berks.

28th September, 1939.

Dear Sirs,

With reference to the case of the motorship "HAV", which has recently been constructed at your port, you are doubtless aware the system of beam construction approved and fitted in this vessel is of a special character, and it is considered a suitable notation to this effect should be made in this Society's Register Book.

It is suggested that such notation should be "Beams attached to decks by angle struts", but before submitting the case for the consideration of the Committee I shall be glad to learn whether the Owners will be agreeable to this course being followed.

I am, Dear Sirs,

Yours faithfully,

G. H. Nive

Clerk to the
Classification Committee.
