Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

Enclosures.

8th February, 1939.

Dear Sirs,

E. I return herewith two sets of the plans, forwarded with your letter of the 26th ultimo, of arrangement of mountings for cylindrical boilers and diagrammatic arrangement of La Mont boiler circulating system proposed by Messrs. Swan, Hunter & Wigham Richardson Ltd., for their Yard No.1567, and I have to inform you that these plans will be approved provided the work be carried out under the usual conditions of survey and testing.

I may add that in view of the fact that the La Mont boiler cannot be worked except in conjunction with one or both of the cylindrical boilers and since a double shut-off is now provided on both the suction and discharge side, no objection will be taken to the omission of stop valves on the La Mont boiler.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
NEWCASTLE-ON-TYNE.
