ENCLOSURE.

Your Ref. SRG/C.1684.

12th January, 1939.

Dear Sirs,

Messrs. Swan, Hunter & Wigham Richardson Ltd.  
Yard No. 1567 - Engine No. 1606.  
-----

E.

I beg to acknowledge the receipt of your letter of the 11th instant, enclosing three copies of Messrs. A. Cockburn & Co's Drawing No. 1045 showing a  $1\frac{1}{2}$ " cast iron single spring safety valve proposed for the La Mont Boiler for the above Contract, and in reply have the pleasure to acquaint you that this plan of  $1\frac{1}{2}$ " diameter safety valve will be approved for a working pressure of 120 lb. per square inch.

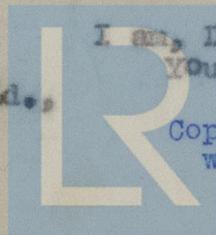

I am to add that no objection will be taken to the proposal to fit only one of these valves to the La Mont Boiler, in view of the fact that the safety valves on the oil fired cylindrical boilers are capable of dealing with the total evaporation of the system.

One copy of the drawing is returned herewith.

Messrs. Ivor Power Specialty Co. Ltd.,  
Ivor Works,  
KING'S LANGLEY, Herts.

I am, Dear Sirs,  
Yours faithfully,

Copy Lon. Surs.  
with plan.  
Secretary.
